

And Then God Created Google...

The Google Advance Search -- click on the Advanced Search on www.google.com. Use this instead of putting + or - symbols in the search window. Choose language, format (even powerpoint!), and dates to get closer to what you want.

Google Earth -- (www.earth.google.com) -- Use the "View" menu to turn features on and off, such as compass, latitude and longitude grid, and adjust screen size.

Picasa -- (<http://picasa.google.com/index.html>) --find, store, edit and print photos

Google Video- YouTube -- (<http://YouTube.com/>) -- now owned by Google

Google Education Tools -- (<http://www.google.com/educators/index.html>) Google tools for educators

Google Notebook-- (www.google.com/notebook) -- keep notes on your own web-based notebook. Share them, if you want.

Google Docs -- (www.docs.google.com) -- like Microsoft Word and Excel but free and collaborative

iGoogle -- (www.google.com/ig) your own customized Google page

Google Books -- (<http://books.google.com/>) Search for books, both free (public domain) and for purchase

Google Calender -- (<http://www.google.com/calendar/render>) -- Online calender/schedule

Google SketchUp -- (<http://sketchup.google.com/>) --easy-to-learn 3D software tool

Google Translate -- (http://www.google.com/language_tools?hl=en) -- Find webpages in other languages
